CEO STATEMENT

Eng. Samer Mahmoud
Chief Executive Officer
BSc in Mechanical Engineering,
PMP®, CCCM®

Since our establishment, we have been striving to maintain high-quality standard services that provide value to our customers and become a company that all its stakeholders, including customers, have trusted and appointed.

Our business can be divided into four key areas: District cooling projects, Electromechanical projects, Facilities man- agreement and Fit –out contracts.

In order to add further value to these areas, we aim to provide services tailored to the individual needs of our clients, in the UAE, which we have acquired through our experience and achievements.

We have achieved sustained growth since our founding by continuously applying a philosophy to identify and resolve areas of end-user inconvenience.

Thanks to the trust and confidence our shareholders and clients have in us, we are here today.

Our aim is to become a business of which every shareholder and client can be proud. That is an obligation which we solemnly pledge to you all.

WHO WE ARE?

Red Sea Eagle is a diversified Electromechanical Contracting Company providing clients with Construction Engineering, PMC services, and specialized EPC contracts in MEP, district cooling, pipelines welding and fabrication, testing and commissioning and infrastructure.

We achieve this through our staff, specialized engineers and skilled MEP labors.

Red Sea Eagle has a rare eye for operation, covering the entire project life cycle, from development and financing to construction, management, and handing over.

OUR MISSION

Red Sea Eagle aim to become a market leader in MEP & District Cooling contracting with superior services, highest quality, teamwork environment and pursue The satisfaction of our clients while adhering to the highest standards of technical and individual excellence, bring values by delivering world-class projects and performance mindset with professional business practice.

OUR VISION

Red Sea Eagle continues to move forward and become a reliable leading MEP & District Cooling contracting firm in UAE while delivering projects that consistently meet international standards, timely, safe, quality oriented and innovative solutions.

OUR VALUES

Red Sea Eagle has built a reputation for efficiency and consistency, delivering on time and with high quality. To match that consistently, Red Sea Eagle must be built on a powerful values system that clients, partners and employees can believe in our values as an MEP company align our employees around central commitments to our customers, the communities we serve and the environment in which we all live.

OUR **ETHOS**

P Planning Meticulously

E Executing Flawlessly

M Measuring Accurately

A Addressing Immediately

Never believing we are efficient enough

but rather being obsessed with researching and finding new ways to become even better and more efficient."

ORGANIZATION **STRUCTURE**

OUR TEAM

Eng. Samer Mahmoud
Chief Executive Officer

Samer is the CEO and board member of Red Sea Eagle. Samer with his 17 years of experience has a reputation for his dynamic hands-on management style, as well as his technical know-how and progressive approach to market expansion. His foresight and business skills have been the driving force which has led Red Sea Eagle to become a reputed MEP and District cooling Construction Company throughout the UAE.

Mr. Kamal Batcha
Admin. & Hr. Manager

Kamal has over 20 years of experience in the field of HR & administration across the region. Kamal is responsible for providing support in various HR & Admin functions and in the implementing the procedures for recruitment, selection and discipline.

Mr. Nezar Mahmoud
Logistics Manager

Nezar is having a diploma in the Chemical Engineering. He has field experience of more than 21 years in Jordan and U.A.E at different projects. Nezar specialises in guiding the delivery teams across all disciplines to ensure successful and safe completion of projects for our Clients.

Mr. Nasser Mahmoud
Sr. MEP Engineer

Nasser is working to further develop Red Sea Eagle's MEP division, a role he has performed successfully for almost 30 years in the UAE. Nasser has been involved in almost every significant hospitality, retail and commercial development in Abu Dhabi and Dubai, and his vast experience in this field will ensure sustained growth in this vital industry sector for Red Sea Eagle.

Mr. Ruel Manaloto

Senior MEP Projects Engineer

Ruel is B.Sc. Mechanical Engineer (from Philippines) He has MEP construction experience of more than 18 years in Philippines and U.A.E at different projects in addition to his expertise in testing and commissioning of HVAC systems

Mr. Saikrishnan

Procurement Engineer

Saikrishnan with his 3 Years of total Experience in Procurement in MEP field is responsible to choose the right partners (suppliers and subcontractors) to work with. In addition to build and maintain long-term partnerships with the best vendors. He ensures the management of all procurement for all projects from acquisition to completion by guaranteeing that the appropriate materials are purchased at the best possible cost whilst maintaining the highest quality.

Mr. Gokul Prakash

Estimation Engineer

Gokul holds a Bachelor of Engineer in Mechanical Engineering, Piping Engineering Diploma, Post Graduate Diploma in Air Conditioning System (HVAC) and he has extensive experience of more than 3 years across a range of engineering discipline in District cooling, MEP & oil and gas. Gokul is responsible for managing the whole estimation process to ensure tender submissions are compiled in accordance with the tender documents and are submitted on time.

Mr. Waleed Mohammad

Mech. Project Engineer

Waleed is a B.Sc. Mechanical Engineer from Jordan. He has DCP and Infrastructure experience of more than 4 years in Jordan & UAE at different Projects.

Ms. Jubna Chola

Document Controller

Jubna with 3 Years of experience as an MEP Document Controller for different kind of projects.

Mr. Afraz Haleem

Mechanical Supervisor

Afraz is having a diploma in the Engineering (from Pakistan). He has Mechanical field experience of more than 14 years in Pakistan and U.A.E at different commercial and industrial projects.

Mr. Rinju T. Reji

ERP and Financial Controller

Rinju is having A Master Degree in Finance (from India). He has field experience of more than 4 years in India and U.A.E at different projects.

Mr. Jasbir Singh

Safety Officer

Jasbir with his 20 years of experience is a certified Safety Officer and he is registered with OSHAD for ISOH Managing Safety & Fire Fighting.

Mr. Harpreet Singh

Safety Officer

Harpreet is having a Bachelor Degree in Accounting (from India). He has Accountant field experience of more than 6 years in India and U.A.E at different commercial and industrial projects.

Mr. Abdul Hamid

Public Relation Officer

Abdul Hamid has over 15 years of experience in the field of Public Relations & Local Authorities in UAE.

OUR EMIRATISATION

As a part of our policy to commit to emiratisation plan, Red Sea Eagle has complied by having skilled Emirati Employees supporting HR and Admin Department

EMIRATI EMPLOYEES

RED SEA EAGLE ELECTROMECHANICAL CONTRACTING L.L.C

Date: 26th September,2022

WORK COMPLETION CERTIFCATE

This is to certify that M/s. Red Sea Eagle Electromechanical Contracting LLC appointed as our subcontractor for the HVAC scope for the below mentioned projects has successfully completed the supply, installation, testing and commissioning of the HVAC systems as per the contract requirements, to the satisfaction of the client and in terms with the industrial norms

Client: Command of Military works

Consultant: Command of Military works

Main Contractor: COPRI CONSTRUCTION ENTERPRICES EST.

Project: CMW-19020-C002:

Supply and installation of VRF systems and CRAC units for 6 Nos. various accommodation and strategic buildings

Project: CMW-19020-C001

Supply and installation of Air-cooled chiller system and UG CHW Network for air craft hanger and air craft maintenance hangar (Facility 1,2, 8 & 9)

However, it is to be noted that HVAC system is under 1 year DLP period and does not relieve M/s. Red Sea Eagle Electromechanical Contracting LLC from fulfilling the contract obligations till the end of contract period

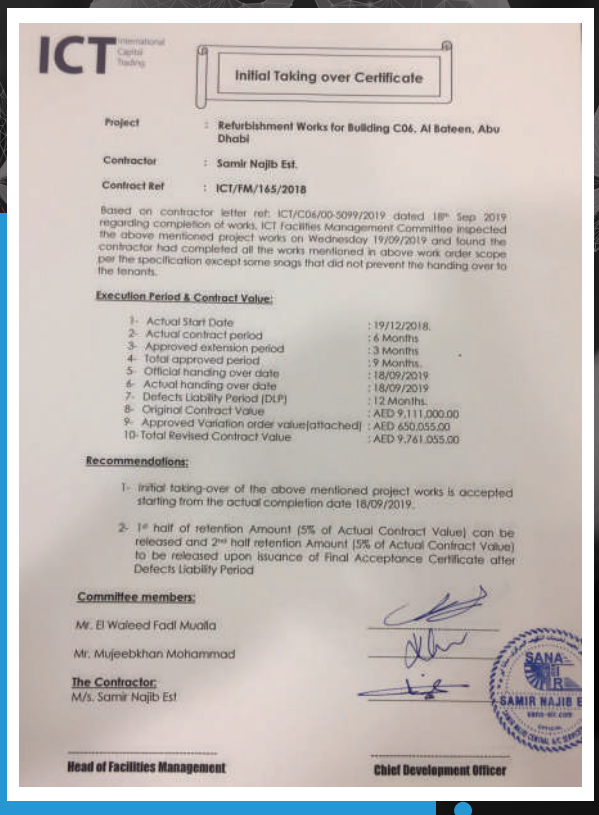

Submitted by
Red Sea Eagle Electromechanical Cont. LLC

Accepted and acknowledged by
COPRI CONSTRUCTION ENTERPRICES EST.

COMPLETION CERTIFICATE COPRI CONSTRUCTION ENTP.

ICT International Capital Trading

Initial Taking over Certificate

Project : Refurbishment Works for Building C06, Al Bateen, Abu Dhabi
Contractor : Samir Najib Est.
Contract Ref : ICT/FM/165/2018

Based on contractor letter ref: ICT/C06/00-5099/2019 dated 18th Sep 2019 regarding completion of works, ICT Facilities Management Committee inspected the above mentioned project works on Wednesday 19/09/2019 and found the contractor had completed all the works mentioned in above work order scope per the specification except some snags that did not prevent the handing over to the tenants.

Execution Period & Contract Value:

1-	Actual Start Date	: 19/12/2018.
2-	Actual contract period	: 6 Months
3-	Approved extension period	: 3 Months
4-	Total approved period	: 9 Months.
5-	Official handing over date	: 18/09/2019
6-	Actual handing over date	: 18/09/2019
7-	Defects Liability Period (DLP)	: 12 Months.
8-	Original Contract Value	: AED 9,111,000.00
9-	Approved Variation order value(attached)	: AED 650,055.00
10-	Total Revised Contract Value	: AED 9,761,055.00

Recommendations:

1- Initial taking-over of the above mentioned project works is accepted starting from the actual completion date 18/09/2019.

2- 1st half of retention Amount (5% of Actual Contract Value) can be released and 2nd half retention Amount (5% of Actual Contract Value) to be released upon issuance of Final Acceptance Certificate after Defects Liability Period

Disclaimer:
1) This prequalification approval does not absolve the sub-contractor from getting a 'project specific approval' by the project consultant and by ADCE. Whenever a pre-qualified sub-contractor applies for a specific project, they should go through the sub-contractor submission process where they should prove resource allocation, financing position and proper engineering staff. The issuing of this certificate does not confer any authority upon the Sub Contractor.
2) This certificate is valid for one year from issue date.

Dear Mr.Samer,

On behalf of Nael General Contracting, let me thank you and your team for the successful completion of the Chilled Water external network of our Sweihan Project and connecting it with Tabreed. Indeed, this job was a challenging one and we could handle it successfully.

Thank you once again for the support for the successful completion of the project. Looking forward to associate with your firm in the new projects.

Comments:
1. The Electrical Engineer (Mr. Moaaz Saeed) should be under probation period of 3 months.
2. The Electrical Manager (Mr. Mohamed Asad) should be present at site at least 25% and when required and should attend all Client's and coordination meetings.
3. As the MEP Contractor is not certified by ADDC, the Main Contractor shall appoint an ADDC approved Contractor to carry out all works related to ADDC and
4. Contractor should comply with local Authority requirement and project MEP specifications.

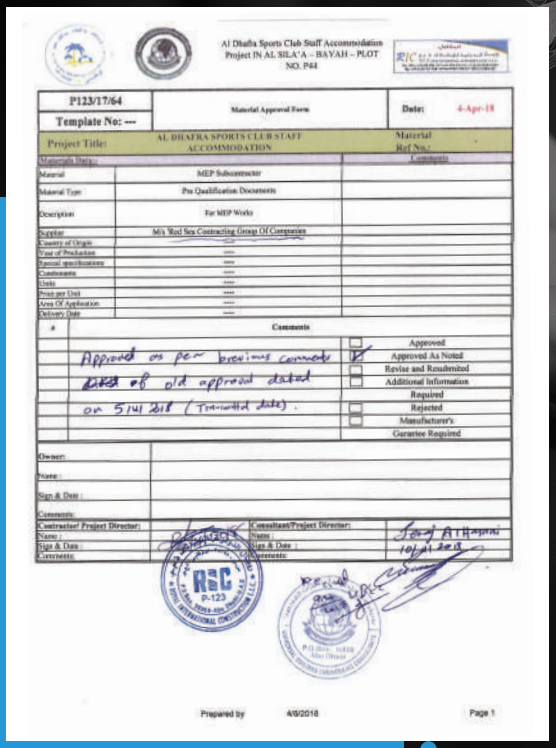

Yours faithfully,
for Ian Banham and Associates

Mohamad Sobhi
Senior Electrical Engineer

OUR SERVICES

MEP WORKS

RED SEA EAGLE MEP provides a complete range of Mechanical, Electrical and Plumbing services though highly experienced Engineering & Project Management team fully complying to time, cost and quality requirements of projects.

We believe that "Architectural and Civil construction give shape, structure and aesthetics to a building but MEP or Mechanical, Electrical and Plumbing bring facilities for life providing services. Hence MEP, now known as "Building Services and Facilities".

MECHANICAL SERVICES

- **HVAC – Heating, Ventilation & Air Conditioning**
- **Refrigeration**
- **Fire Protection**

ELECTRICAL SERVICES

- Electrical HV & LV Power Distribution
- Fire Detection & Alarm System
- CCTV System & Monitoring System
- Emergency Lighting System
- Internal & External Lighting
- Public Address System
- Lighting Control System
- Central Battery System
- Earthing & Lightning Protection
- Access Control System Building
- Management System

ELECTRICAL SERVICES

- Underground & Above Ground Drainage Systems
- Solar Panel Systems
- Sanitary Wares & Accessories
- Packaged Filtration System
- Rain Water System
- Domestic Cold & Hot Water Systems
- Central Heating System with Hot Water Calorifiers & Exchangers.
- Specialized Systems: Compressed Air, Central Vacuum, LPG, etc.
- Sewage Lifting Stations
- RO / Water Treatment Plant

DISTRICT COOLING SCHEMES

ENERGY TRANSFER STATION

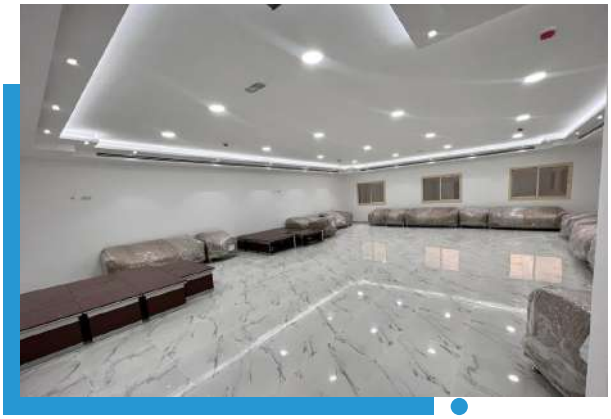

FIT - OUT

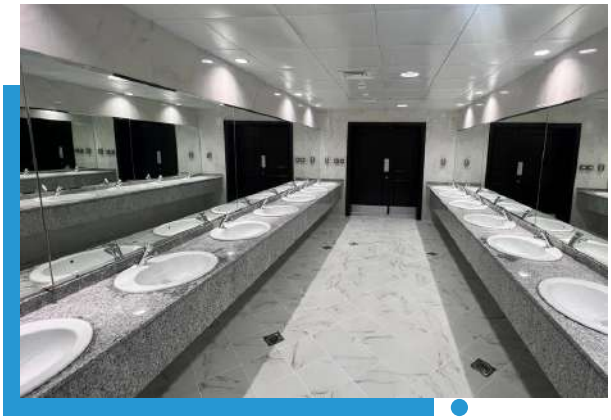

We believe in long term design value, which we achieve by selecting quality pieces and through timeless design.

We've been undertaking commercial Fit Outs in Abu Dhabi and throughout the U.A.E ranging in size from 1,000 sq. ft. up to 100,000 sq. ft.

Red Sea Eagle pioneered turnkey flat / office design and fit-out.

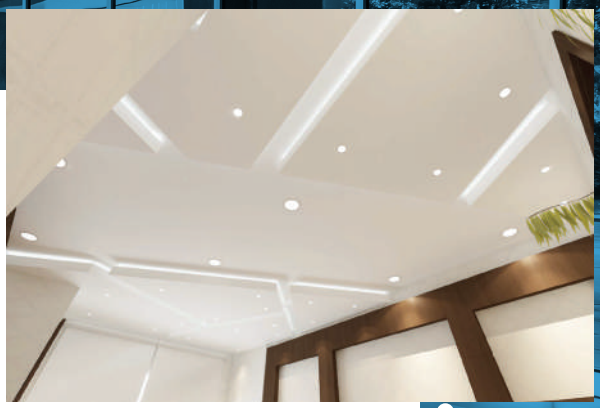

SMALLER FIT-OUT PROJECTS

Red Sea Eagle has a highly skilled team dedicated to undertaking small office design and fit-out projects.

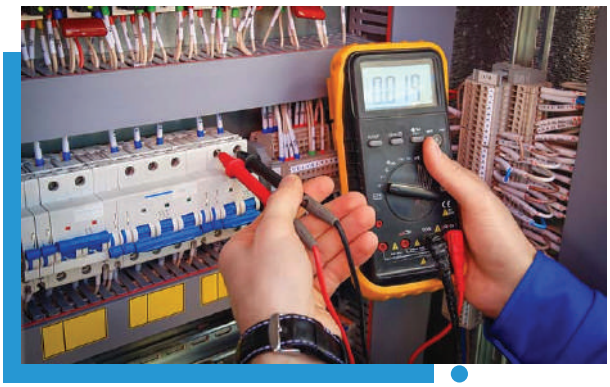

At Red Sea Eagle , we don't believe small should mean low value or shoddy work and we pride ourselves on delivering exceptional service and value for money.

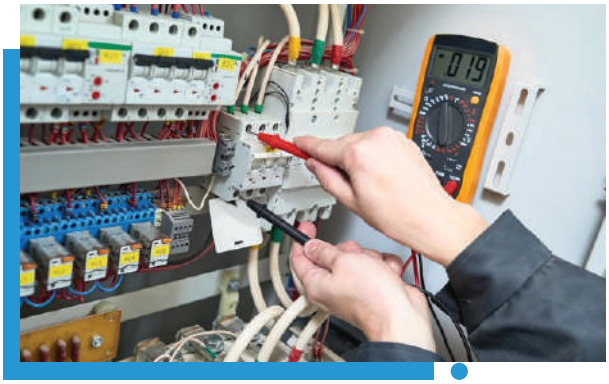

FACILITIES MANAGEMENT

RED SEA EAGLE – Maintenance Division is one of the active maintenance contractors in UAE , specializing in Facility Management & maintenance of MEP Building Services including Mechanical, Electrical, Plumbing equipment and Fire Fighting Systems.

ENGINEERING

- HVAC Maintenance
- Electrical Maintenance
- Plumbing Maintenance
- Minor Civil Works
- Fit-Outs
- Swimming Pool Maintenance
- ELV Systems Maintenance
- BMS Operations
- Fire Systems Maintenance

SOFT SERVICES

- A/C Duct Cleaning
- General Cleaning
- Exhaust Cleaning
- Grease Cleaning
- Water Tank Cleaning
- Pest Control
- Security

OTHER SERVICES

- Temporary Cooling Solutions
- Temporary Power Solutions
- Replacement / Upgradation of MEP Equipment & Systems

OUR ENGINEERING CAPABILITIES

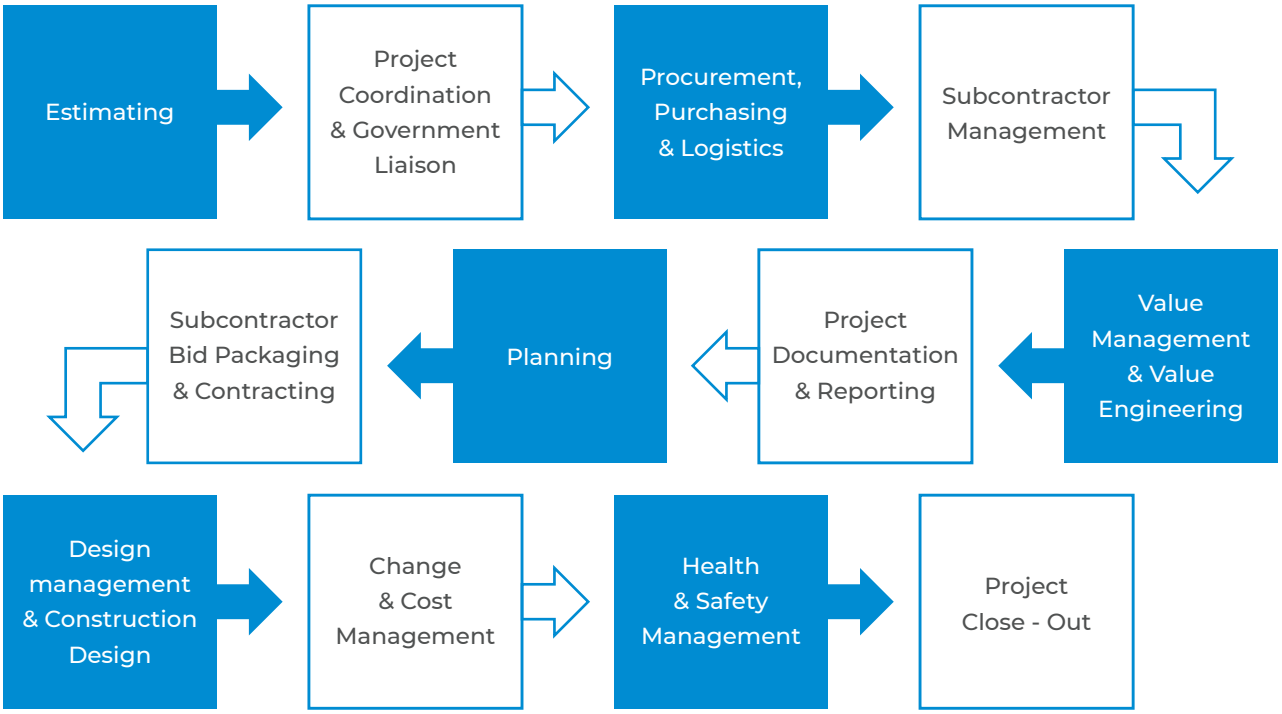

We strive to deliver innovative Engineering solutions to the highest international standards in our business sectors.

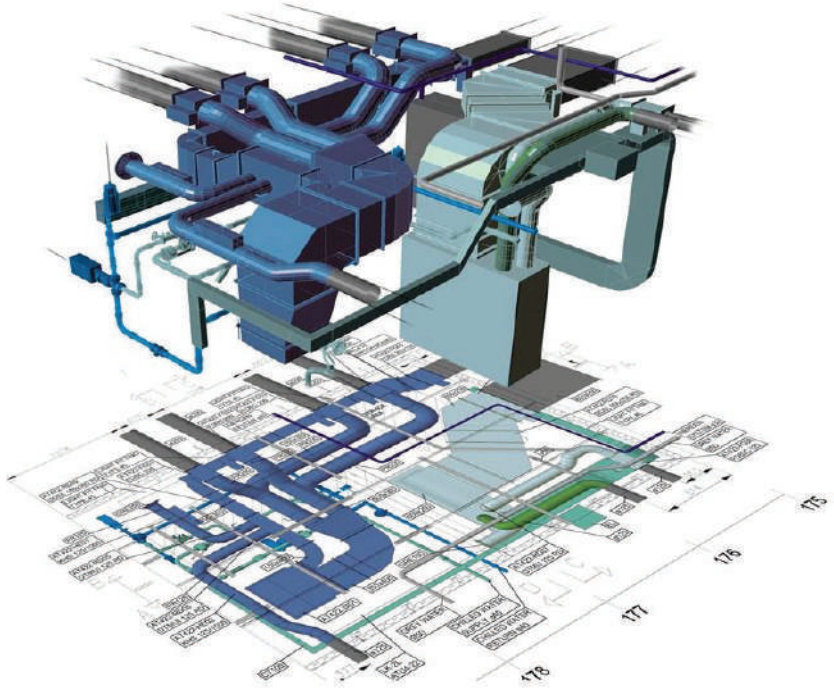

We offer complete HVAC, Plumbing and fire protection system engineering, including hydraulic calculations and shop drawings. We utilize the latest versions of both AutoCAD MEP and Revit MEP. All calculations are done in-house, utilizing one of several software packages.

- Shop and as Built Drawings
- Stress Analysis
- Conceptual Design
- Ventilation Smoke Control
- Bill of Quantities
- Heat load calculation
- Feasibility Studies
- Detailed Design
- Cost Estimates
- Commissioning Support
- Hydraulic Analysis
- Value Engineering
- Load Analysis
- BIM and 3D Models

COMPETENCIES & EXCELLENCE
IN MANAGEMENT

We excel in Project Management by offering Best Value to our clients and as an Electromechanical Contractor, Red Sea Eagle, LLC., is involved in all facets of project management, including:

OUR CORE BUSINESS

Red Sea Eagle
RED SEA EAGLE
ELECTROMECHANICAL CONTRACTING LLC
PLAN ◆ EXECUTE ◆ MEASURE

01 DISTRICT COOLING PLANT

02 CHILLED WATER NETWORK

03 ENERGY TRANSFER STATION
- Modular Packaged Ets :
- Cast In Situ Ets:

04 MECHANICAL WORKS

05 PUMPING STATION & INFRASTRUCTURE WORKS

06 ELECTRICAL & ELV WORKS

DISTRICT COOLING PLANT

We can provide solutions for complete designbuild services for Client along with engineering, procurement, fabrication, delivery, supervision, commissioning and performance testing of district cooling Plants.

This won't be possible without our team of design engineers, procurement and administrative staff and Quality Management System.

CHILLED WATER NETWORK

- The Design , Engineering and construction of District Cooling Schemes always include the chilled water reticulation and Energy Transfer Stations (ETS).
- Red Sea Eagle experience covers the reticulation piping Engineering and construction, which is always coordinated with the DCP design and construction.
- Red Sea Eagle has built reticulation piping for several projects either along with the DCP or in separate contracts.
- The chilled water reticulation piping include pre-insulated buried piping (trenched in some cases), valve chambers, fiber optic cabling and balancing of the chilled water network .

ENERGY TRANSFER STATION

MODULAR PACKAGED ETS

CAST IN SITU ETS

In addition to our extensive experience in Cast In Situ ETS, we are pioneered in design , construction and commissioning of Packaged ETS . Red Sea Eagle's modular solutions are custom engineered, fabricated and tested in our facility, packaged on a skid, and shipped to the site ready for installation. The modular approach can cut project delivery time in half.

All components are skid-mounted, prepiped, prewired and enclosed in order to minimize on-site installation scope and risk. We often field-install and commission the equipment we provide so that we can deliver a turnkey single-source solution. Onsite installation is typically limited to setting of the modules, reconnection of pipe and wiring, and termination of power supply and Integration / Automation with the District cooling plant . All engineering, fabrication, controls, project management, start-up and commissioning work is self-performed by in-house Red Sea Eagle employees.

MECHANICAL WORKS

HVAC

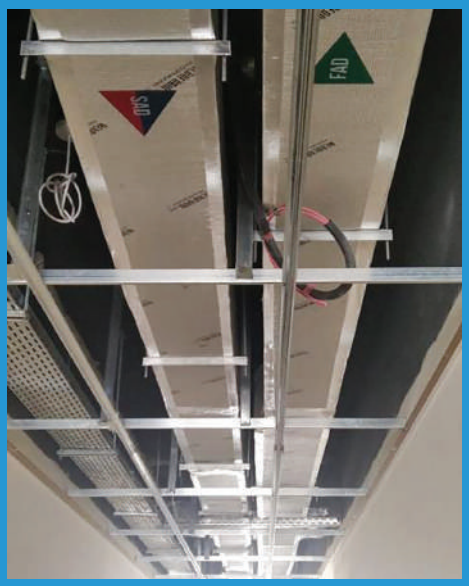

Working with RED SEA EAGLE, you can rest assured that you are dealing with professionals who set the benchmark when it comes to supply , construction and commissioning of mainly chiller plants , AC Equipments (FAHUs , AHUs , FCUs) and all associated chilled water piping and Ducting works.

RED SEA EAGLE team is familiar with the installation, testing and commissioning of the following type of AC Systems:

- Chilled water systems: Air cooled, Water cooled and centrifugal chillers.
- DX and CHW Air Handling units, Fan coil units.
- Cooling Towers Erection and Installation.
- Hydronic systems including CHW pumps, Pressurization units and Modulating control and Manual valves.
- DX Systems: Split units and Package DX units
- VRV/VRF systems
- Closed control air conditioning units

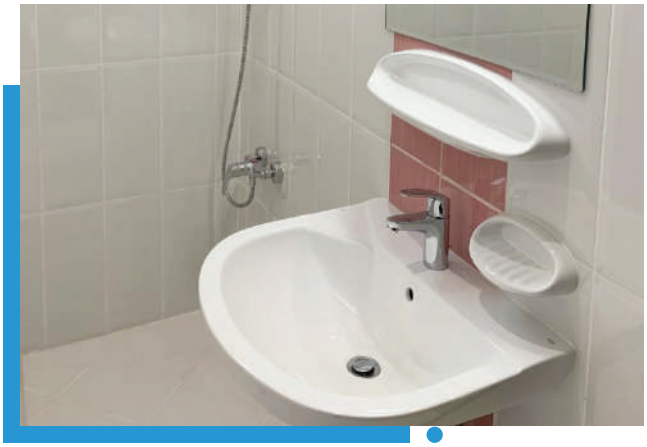

PUMPING STATION & INFRASTRUCTURE WORKS

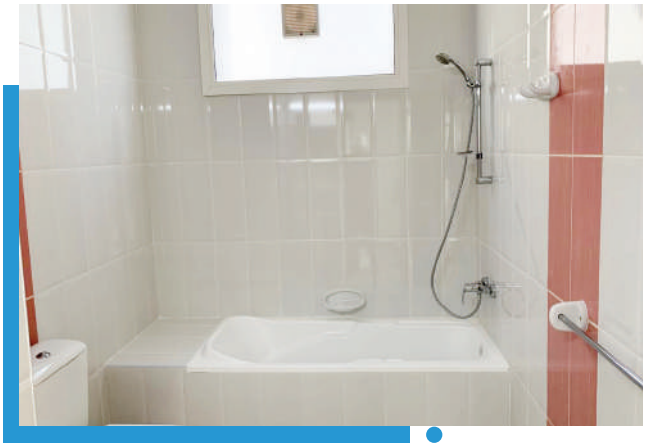

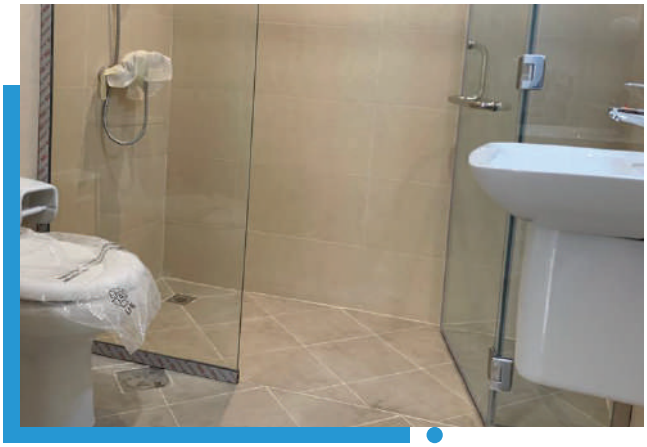

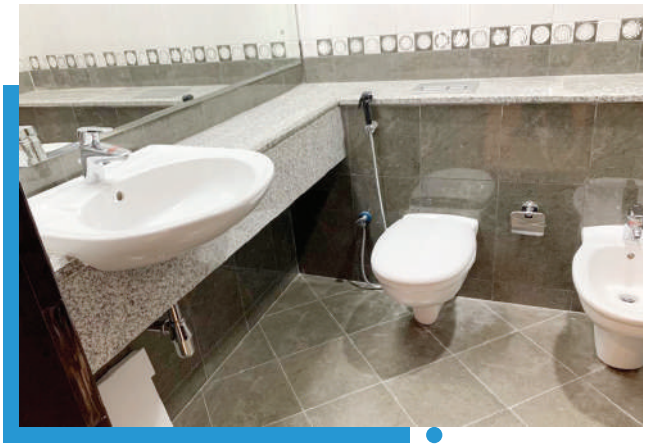

PLUMBING & WATER SUPPLY

Plumbing and Drainage system with design to tested completion is one of our core strengths. Our team of experienced and qualified technicians, supported by advanced tools & equipment can undertake tasks of any magnitude and accomplish to your complete satisfaction
